

Quality

- ▶ Students are our No. 1 priority - classes are small and the quality of teaching is high
- ▶ Strode College is publicly funded, registered and accredited by the British Government Department of Education
- ▶ Our teachers are fully qualified with relevant degrees and professional teaching qualifications and have extensive experience in their fields
- ▶ Our library, laboratories and classrooms are modern and up-to-date utilising the latest technology for teaching and learning
- ▶ Information, advice and guidance is provided through professional and academic staff who are focussed on support and student success
- ▶ Total cultural immersion into British academic life with less than 1% of international students on campus
- ▶ Our student success rates are consistently higher than the English colleges' national averages

Programme Choice

- ▶ We offer 44 A Level subjects and have a national reputation for Maths and Science teaching and learning
- ▶ We offer over 20 enrichment activities to students ranging through sport, performing arts, art, modern foreign languages, community and voluntary work
- ▶ AS Critical Thinking is offered to students planning to apply to university
- ▶ A gifted and talented support programme is offered free to students who demonstrate the appropriate potential
